

Alex Baker, NDT Trainee at Nextant Aerospace  
(Nextant Aerospace is a division of Constant Aviation)

Description of my career at Nextant Aerospace: "At Nextant, I have the opportunity to work in a job with great people doing something that interests me. It feels less like a job when you get to do something every day that you are genuinely interested in. Constant/CARE/Nextant is like my second family. Three years ago, I had no aviation experience. People took me under their wing and have taught me about the industry. My co-workers have a vast knowledge and sense of pride in their work. It makes everyone want to do their best."

My advice: "Don't let your inexperience frighten or limit you. At Nextant, your peers and your leaders care about your well-being and will answer any question you might have. We all get better together!"
